Commissioner of Patents and Trademarks

The applicant's response to the election of species fails to state which claims read on the elected Figures 1-4. If the applicant disagrees with the election of species requirement the applicant should state the reasons for disagreement for the Examiner's consideration. A quick response to this letter will speed prosecution of the application. Current Office policy requires the period for response be restarted therefore the applicant has three (3) months from the date of this letter to respond to this letter .
